### Consent for Online Access to Medical Records

#### Carers Form

You can now view your GP medical record online to look at test results, details of consultations and your medical history, including current and past medication.

If you would like to have secure online access to the record of a patient you care for, we need to make sure that you understand what this involves and that you are happy for us to use the information about you (provided below) to set up the and operate the service.

The following form will take you through the things you need to think about. By signing the form you will be giving us your permission to go ahead with setting up the service for you. If you decide not to join, or wish to withdraw, it will not affect the patient's treatment in any way.
